

Golden Palace prolongs partnership

Telenet Giants Antwerp and Golden Palace Casino & Sports will continue their partnership over the next two basketball seasons with great enthusiasm and ambition.

The Belgian family business in (offline & online) casino games and sports betting has been a permanent partner of Telenet Giants Antwerp for three seasons. Golden Palace group has no less than 45 gaming rooms, three of which are in the center of Antwerp, and betting shops. In addition, their website also offers online casino games.

"We are very pleased with the renewal of our agreement with Golden Palace Casino & Sports. Golden Palace is a partner that breathes sport and is committed to the Belgian (e)sport sector," said Telenet Giants Antwerp president Björn Verhoeven. "We are both ambitious and see many opportunities to continue supporting each other."

"Golden Palace is extremely excited about this partnership, which reinforces our local roots and sets the standard for our values: proximity, care, benevolence and fun," said Golden Palace CEO Massimo Menegalli. We are proud to continue supporting the Giants for two more seasons and to be by their side both athletically and socially."

Giants fan day x Golden Palace

As part of the continued cooperation, we are pleased to announce that we will organize a Telenet Giants Antwerp fan day around the practice match on Saturday, September 11 with the support of Golden Palace. Fans can expect a top match against the German team Göttingen of former Giants coach Roel Moors as well as fringe entertainment and a tasty snack. The program will follow later.

Thank you Golden Palace for the support and confidence. We will make it great seasons!
